## Dog Wash!

On September 18th, we had the joy of sponsoring the Humane Society of Westchester at New Rochelle's Dog Wash/Tag Sale! We are so happy to have met all of you there, and to be able to donate all of the extra treats we brought, as well as other things like extra newspapers and dog bag holders to the humane society. Remember, you can go and adopt a doggie or a cat!

## Congrats to our TV Raffle Winner!

Our winner's name is Karen Sackett. Upon learning about winning the TV, she told us that she is giving it to her parents because they have a 10 year old TV! Such a kind gesture Karen! Congrats again!

Ask us and we will  
answer!

Q: How is a truck accident different from  
a car accident?

A: A truck accident has a greater probability  
of causing significant or fatal injuries than a  
car accident because of the weight and size  
of the truck. In most cases, a tractor-trailer  
or big rig carrying a load of cargo may  
weigh an excess of 80,000 pounds, while a  
typical passenger vehicle weighs an average  
of 3,000 pounds.

## 🐾 Pet Corner! 🐾

We were proud to go and help wash some of the most adorable doggies. Pictured above are just a few of the dogs that are part of our family! Special shoutout to our furry friends, Nash, Bo, and Stella & Sadie (aka the Disability Dogs), for showing up and spending some time with us at our tent!

There are so many of the sweetest doggies (not pictured) that you can go and adopt today, by appointment (by clicking the link below)! They are the sweetest, and LOVE belly rubs. There are also many cats and kittens looking for homes as well! So, if you're looking for a four-legged furry friend, we highly recommend going to the Humane Society of Westchester at New Rochelle!
